

**MEMO TO FILE: Terrell III for State House**

**From: Steven Simos**

**Re: 10/13/09 Telephone Call**

On October 09, 2009 our office received a Certification to Return to Active Status form (CRO-3300) and a Certification of Threshold form (CRO-3600) from the Terrell III for State House Committee. On October 13, 2009 at 9:11am I contacted the treasurer of the committee, Mr. Paul F Terrell III, and informed him that these forms were not necessary for his committee. I explained that his committee was already active and had been submitting reports to our office, and that since the committee was in the middle of an election cycle it could not be placed under the threshold status. I also informed him that his committee would continue to be required to file reports during the election cycle. He understood and would comply. The documents will be scanned on our website, but the status of the committee will still remain Active Non-Exempt.
